The Meadows Selects Sequest's Hosted TIER Solution to Streamline Business Processes and Improve Client Care

Lisle, IL (April 17, 2009) -- Sequest, a leading business solutions and software provider for the health and human services industry, announced The Meadows has purchased Sequest's fully hosted TIER All-in-One solution featuring Alchemy Gold Standard for their new electronic environment. The Meadows is a multi-disorder facility specializing in the treatment of trauma and addictions. Up to this point, The Meadows has not utilized any type of electronic record management solution to support their base of clients.

"Sequest's offering was clearly Best in Class of all the solutions we looked at. We now have the bandwidth to come up to speed on the software and be able to take advantage of growing opportunities." said Allan Benham, Director Medical Services. He went on to say "We look forward to a long partnership with Sequest as they have an outstanding reputation in our field."

Sequest's CEO, Bill Connors, was equally enthusiastic about the selection. "The Meadows offers us some of the most revered names in addiction treatment; Pia Mellody, Claudia Black and John Bradshaw , to partner with on ways to further develop and meet the needs of our client partners-that I find truly exciting for us"

+++++

About The Meadows: The Meadows is a multi-disorder facility specializing in the treatment of trauma and addictions. The Meadows' clinical experts reach beyond single-level treatment of addictions, behavioral disorders and psychological conditions to diagnose and treat the underlying problems. The Meadows is licensed as a Level I Psychiatric Acute Hospital by the Arizona Department of Health Services. They are licensed to provide psychiatric, detoxification, and substance abuse services and are accredited through The Joint Commission with full standards compliance.

About Sequest: Sequest Technologies, Inc., based in Lisle, IL, is a recognized leader in innovative solutions and software products for the health and human services industry. Their expertise in streamlining financial, clinical and management processes greatly improves efficiencies and ultimately enhances patient care. The benefits of Sequest span a broad sector whose clients include mental health and substance abuse clinics, psychiatric hospitals and social services organizations. With over 25 years in the industry, Sequest is highly respected by both CEOs and practitioners alike for its healthcare experience and customer-centric approach. Today, Sequest develops more than just Electronic Health Record Systems for providers. This forward-thinking company continues to create dynamic, new connections between providers and patients that are helping transform practices and the industry as a whole.
