Jackson Recovery Centers Select TIER Platform

Lisle, IL (September 21, 2009) -- Sequest, a leading business solutions and software provider for the health and human services industry celebrates a new client partnership with Jackson Recovery Centers of Iowa. Jackson's mission is to meet the addiction-related needs of Sioux City, Iowa, and the surrounding communities. Jackson provides a full continuum of addiction related services to adapt to the varied and ever changing needs of their community. Jackson offers state of the art addiction treatment rooted in the beliefs and values of the 12 steps of AA. Jackson Recovery Centers will utilize the TIER platform and Billing Module in its eight locations that offer an array of residential and outpatient services for adults and adolescents. "We were impressed with the flexibility and customer focus of both the TIER software and the Sequest staff. They worked with us to design a package that best fit our needs. Our staff is excited about moving forward with this project and implementing an electronic health record for our patients" said Dr. Cliff Millard, Vice President of Administration and Chief Operating Officer for Jackson Recovery Centers. "We anticipate that our clinicians will be better able to fulfill their documentation requirements and subsequently have more available time to perform our life-saving work" added Dr, Millard.

Bill Connors, CEO of Sequest responded, "I am very excited by this new relationship with Jackson Recovery Centers. The staff and leadership are among the best I have met as a software solutions provider. I am certain Sequest, our product and our user population will soon benefit from their expertise."

+++++

About Jackson Recovery Centers: Jackson Recovery Centers was founded in 1976 by Dr. William “Bill” Jackson and his late wife Marienne. Jackson Recovery Centers has been dedicated to the prevention of, the education about, and the treatment of addictions for nearly three decades. Today, Jackson Recovery Centers is the leading provider of substance abuse services in northwest Iowa, serving thousands of adolescents, adults and their families each year. The staff’s expertise, gained over nearly three decades of dedicated service, is an invaluable resource to the Siouxland community.

Jackson strives to provide the highest quality services that are culturally competent, scientifically researched, and co-occurring competent. They work tirelessly to destigmatize the disease of addiction and to educate the Siouxland community on how addiction can be prevented, treated and intervened upon. The staff at Jackson Recovery Centers brings love and hope to all who are affected by addiction.

About Sequest: Sequest Technologies, Inc., based in Lisle, IL, is a recognized leader in innovative solutions and software products for the health and human services industry. Their expertise in streamlining financial, clinical and management processes greatly improves efficiencies and ultimately enhances patient care. The benefits of Sequest span a broad sector whose clients include mental health and substance abuse clinics, psychiatric hospitals and social services organizations.
