***The Farley Center at Williamsburg Place Adopts Sequest's TIER
Solution for Workflow and Billing***

Lisle, IL (January 29, 2010) -- Sequest, a leading business solutions and software provider for the health and human services industry, proudly announced that The Farley Center at Williamsburg Place, VA has selected Sequest's TIER Workflow and Billing solution to implement electronic health records and effectively handle their electronic billing requirements. The Farley Center at Williamsburg Place provides a broad range of physician supported abstinence-based treatment programs for drug and alcohol rehabilitation.

"The Farley Center at Williamsburg Place is very excited about implementing TIER to improve our overall operations today and as we grow in the future", said Stephanie Loeb, Executive Director of the Farley Center. "We determined we needed a solution that both enhanced operations but also integrated a comprehensive electronic billing solution as well. We felt TIER best fit our needs after evaluating several other options", said Bill Carpenter, CFO, Diamond Healthcare Corporation. "We feel this solution will allow us to quickly respond to our growth needs while saving us thousands of ongoing expenses for custom development."

Sequest's CEO, Bill Connors, responded to The Farley Center at Williamsburg Place's selection of TIER by saying: "The Farley Center at Williamsburg Place selection of TIER is very important to us. We feel TIER is the right product to

support their growth plans as well as handling their electronic billing needs of today. The Farley Center at Williamsburg Place's reputation is very exciting and we look forward to working with them to achieve their goals.

+++++

About The Farley Center at Williamsburg Place: Established in 1991, The Farley Center at Williamsburg Place provides affordable, individualized care in a relaxing residential atmosphere. Respected nationally by the healthcare community, twenty five percent of patients are referred to them by noted physicians. Unlike many centers, they offer full time, on-site physicians whose patient roster is small, allowing for effective, one-on-one care and commitment to healing body and spirit. For more than 15 years their team has assisted thousands of good people who simply wish to get well. Their abstinence-based addiction treatment programs are why their alumni, their family and friends recommend The Farley Center at Williamsburg Place to those in need of overcoming addiction.

About Sequest: Sequest Technologies, Inc., based in Lisle, IL is a recognized leader in innovative solutions and software products for the health and human services industry. Their expertise in streamlining financial, clinical and management processes greatly improves efficiencies and ultimately enhances patient care. The benefits of Sequest span a broad sector whose clients include mental health and substance abuse clinics, psychiatric hospitals and social services organizations. With over 25 years in the industry, Sequest is highly respected by both CEOs and practitioners alike for its healthcare experience and customer-centric approach. Today, Sequest develops more than just Electronic Health Record Systems for providers. This forward-thinking company continues to create dynamic, new connections between providers and patients that are helping transform practices and the industry as a whole.
