River Oak Center for Children Selects Sequest's TIER Solution to Implement Electronic Records and Improve Efficiencies

Lisle, IL (January 29, 2010) -- Sequest, a leading business solutions and software provider for the health and human services industry, announced **River Oak Center for Children** in Sacramento, CA has purchased Sequest's TIER Workflow and Billing solution to transition to electronic records and improve overall efficiencies in operation. River Oak Center for Children, located in Sacramento, CA, is a nonprofit organization that helps children at risk, troubled teens, and families through mental health and social services, behavioral therapy, and family counseling.

"We are proud to partner with Sequest in making our agency's transition to electronic medical records," said Dr. Mary Hargrave, President and CEO of River Oak. "As the leading nonprofit in our area to offer as many as eight evidence-based practices in the fields of mental and behavioral health, the implementation of this new system will enhance River Oak's ability to analyze data and report on outcomes in a more efficient, effective, and timely manner. Programs and services will be strengthened and improved, and our children and families will be better served as a result."

Sequest's CEO, Bill Connors, was equally enthusiastic about the selection. "The River Oak Center for Children's selection of our integrated Solution was personally very exciting. With River Oak Center for Children being such a highly

regarded treatment facility, we are pleased they put their trust in Sequest and TIER to transition to electronic medical records and to improve efficiencies.”

+++++

About River Oak Center for Children: Established in 1966, **River Oak Center for Children** is the Greater Sacramento area's largest non-profit provider of behavioral health and mental health services. Every year, over 2,000 children at risk, troubled teens, and their families participate in their programs. River Oak originated as a group home for children who were not doing well in treatment programs outside the home. Given changes in both need and clinical practice, River Oak now offers a comprehensive array of traditional and innovative services through twelve programs operating at four program sites. River Oak is proud to be the only Sacramento-area non-profit organization that offers eight nationally-recognized programs proven by research to produce cost-effective and stable results for children, youth, and their families. Services are provided in collaboration with the Sacramento County Department of Health and Human Services Division of Mental Health.

About Sequest: Sequest Technologies, Inc., based in Lisle, IL is a recognized leader in innovative solutions and software products for the health and human services industry. Their expertise in streamlining financial, clinical and management processes greatly improves efficiencies and ultimately enhances patient care. The benefits of Sequest span a broad sector whose clients include mental health and substance abuse clinics, psychiatric hospitals and social services organizations. With over 25 years in the industry, Sequest is highly respected by both CEOs and practitioners alike for its healthcare experience and customer-centric approach. Today, Sequest develops more than just Electronic Health Record Systems for providers. This forward-thinking company continues to create dynamic, new connections between providers and patients that are helping transform practices and the industry as a whole.
