***WestBridge Selects Sequest's TIER All-in-One Hosted Solution to Streamline Documentation and Quality Improvement***

Lisle, IL (March 25, 2010) - Sequest, a leading business solutions and software provider for the health and human services industry, announced WestBridge has purchased Sequest's TIER<sup>®</sup> All-in-One hosted solution for their new electronic environment. WestBridge, a highly recognized mental health and substance abuse treatment center with locations in New Hampshire and Massachusetts, plans to streamline documentation and quality improvement using TIER. The All-in-One hosted solution will allow WestBridge to focus on what they are best at-providing excellent care and customer service to individuals, families and our colleagues.

WestBridge was impressed with TIER<sup>®</sup> and its capacity to grow with them as they enhance and expand their services. "We have been really impressed with how robust the product is, and with the knowledge of the Sequest staff." States Chief Operating Officer Jonathan Routhier, "In our experience, having a system designed by people who have worked in similar settings as ours gives us the confidence to know the system will fit our needs."

Sequest's CEO, Bill Connors, commented, "We are privileged to add WestBridge to the growing number of partnerships we have and look forward to assisting in the improvement of their delivery of services."
