Pennsylvania Psychiatric Institute Selects Sequest's TIER® Solution for Electronic Health Records and Improved Efficiencies

Lisle, IL (June 22, 2010) -- Sequest, a leading business solutions and software provider for the health and human services industry, announced Pennsylvania Psychiatric Institute located in Harrisburg, PA, has purchased Sequest's TIER® Workflow and Billing solution to implement electronic health records and improve overall efficiencies in operation. Pennsylvania Psychiatric Institute specializes in providing sensitive, compassionate services for children, adolescents, adults and older adults with mental health concerns.

"We are proud to partner with Sequest in making our agency's transition to electronic health records," said Nancy Purtell, CEO of Pennsylvania Psychiatric Institute. She added, "We reviewed a number of solutions and selected TIER® because it offers a complete integration solution and flexibility." Frank Koerber, Director and part of the selection team also said: "The implementation of this new system will enhance our ability to quickly analyze data and report on outcomes in a more efficient, effective, and timely manner. Our programs and services will be strengthened and improved, and our clients will be better served as a result."

Sequest's CEO, Bill Connors, responded to Pennsylvania Psychiatric Institute's selection of TIER® by saying: "The Pennsylvania Psychiatric Institute selection of our integrated Solution was personally very exciting. With Pennsylvania Psychiatric Institute being such a highly regarded treatment facility, we are pleased they put their trust in Sequest and TIER® to transition to electronic health records and for improvement in their operations".
