High Point Treatment Center Selects Sequest's TIER® Solution for Electronic Health Records and Billing

Lisle, IL (July 14, 2011) -- Sequest, a leading business solutions and software provider for the health and human services industry, announced recently that High Point Treatment Center, with headquarters in New Bedford, MA and locations across southeastern Massachusetts, has partnered with Sequest to deliver TIER® Workflow and Billing software throughout their growing organization. High Point specializes in the prevention and treatment of chemical dependencies and providing therapeutic services for mental health issues.

High Point Treatment Center's President /CEO Daniel Mumbauer said: "Sequest has provided High Point with an electronic solution that connects our continuum of care as one system and we are looking forward to partnering with Sequest for this project." Mr. Mumbauer has been in the social service field for over 27 years. Serving as the President/CEO for High Point Treatment Center, Southwest Regional Network, and Southeast Massachusetts Council on Addiction, Mr. Mumbauer strives to do what is best for his organizations. Making the decision to implement Sequest's TIER® workflow will help to improve the quality of services while Sequest Billing Software will allow High Point to streamline their billing and administrative processes.

Sequest's CEO, Bill Connors stated "We are delighted to have been selected by High Point. Mr. Mumbauer has an excellent team committed to their mission and we look forward to our long term partnership. We are confident that Sequest's products and services will enhance the quality of life for the consumers that High Point serves."
