Family & Children's Center Selects Sequest's TIER® Solution for Electronic Health Records and Billing

Lisle, IL (July 25, 2011) -- Sequest, a leading business solutions and software provider for the health and human services industry, announced recently that Family & Children's Center, with headquarters in La Crosse, WI and facilities located in Minnesota, have partnered with Sequest to deliver TIER® Workflow and Billing software throughout their growing organization. Family & Children's Center specializes in providing a continuum of services designed to strengthen families and promote individual well-being, including: child abuse and neglect prevention, alternative schools, community-based counseling (counseling clinics, in-home counseling, day treatment), residential options (treatment foster care, youth homes, residential center, respite care), community support programs, and several outreach programs.

John Burgess, President and CEO of Family & Children's Center commented, "We are delighted to be working with Sequest as we implement an enterprise wide software solution." He continued on by saying, "We looked at all the leading national vendors for a solution that integrated program documentation and management with our billing. It needed to also provide electronic health records and outcomes measures. It was a tall order. Sequest's TIER solution exceeded our expectations in terms of these capabilities and ease of use. We believe our employees, clients and other stakeholders will be pleased with the changes they see as we begin implementation."

Sequest's CEO, Bill Connors stated "We are delighted to have been selected by Family & Children's Center and add this valuable organization to our growing partnership. We are confident that Sequest's products and services will enhance the quality of life for the consumers that Family & Children's Center serves."

+++++

About Family & Children's Center: Family & Children's Center is a regional, private, not-for-profit agency that provides a continuum of services designed to strengthen families and promote individual well-being, including; child abuse and neglect prevention, alternative schools, community-based counseling (counseling clinics, in-home counseling, day treatment), residential options (treatment foster care, youth homes, residential center, respite care), community support programs, and several outreach programs.

Family & Children's Center is nationally accredited by the Council on Accreditation for Children and Family Services, indicating they meet the highest standards for each of their programs. Their successes derive from their comprehensive team approach and the continuum of services they provide. They have over 300 highly qualified, compassionate professionals and staff, including teachers, child psychiatrists, the region's leading psychologist, highly sought-after therapists and registered nurses.

Family & Children's Center serves thousands of individuals and families every year, helping them enjoy happier, healthier relationships.

About Sequest: Sequest Technologies, Inc., based in Lisle, IL is a recognized leader in innovative solutions and software products for the health and human services industry. Their expertise in streamlining financial, clinical and management processes greatly improves efficiencies and ultimately enhances patient care. The benefits of Sequest span a broad sector whose clients include mental health and substance abuse clinics, psychiatric hospitals and social services organizations.
